Marist College, Kogarah values and promotes student leadership. We view all students as leaders and encourage a self-concept that embraces the responsibility of positive leadership through service. We seek opportunities for our students to exercise leadership and at all times strive to present positive role models of leadership through our pastoral and spiritual programs. More formally the College celebrates and supports a student-elected leadership structure as shown in the diagram below.

Support for student leaders occurs at a number of levels commencing at the time of election and finishing at the conclusion of the leadership cycle where, after evaluation and reflection, the new cycle commences with a new group of elected leaders. This program is co-ordinated by the Year Co-ordinators.

The College Captains and Senior SRC are co-ordinated by the Year 11 and 12 Co-ordinators and the Assistant Principal. Students are nominated for these roles by their peers and staff. Final decisions regarding nominees are undertaken by the College Principal.
